EDUCATION

Texas A&M University, College Station, TX

May 2027

Bachelor of Science in Computer Science, Minor in Game Design & Development

GPA: 3.95/4.00

Relevant coursework: Computer Graphics, Game Design I, Computer Organization

SKILLS

Programming Languages: C#, C, C++, HTML, CSS, JS, Python, R4000 Assembly, Java, Haskell

Frameworks: Unity (C#), Unreal Engine (C++), OpenGL, Godot (C#), React.js, MonoGame (C#), Super Mario 64 Decompilation (C)

Software: VS Code, Visual Studio, Git, Blender, Sketchup, Sony Vegas, Paint.NET, Canva, Figma, MS Office, Google Workspace

EXPERIENCE

LIVE Lab, College Station, TX

Apr 2025 – Present

Student Technician

- Designed interactable UI/UX in Figma, wrote functionality in C#, and adapted it to fit training modules in a 3D Unity VR Project
- Developed backend scripts in C# to assist training and external tools in C++ to manage it outside the Unity engine
- Deployed over 500 VR headsets in school districts across Texas to educate 3000+ kids in math during the 2025 summer

Freelance Coding Commissions

Jun 2020 -- Present

- Applied Blender, R4000 Assembly, and C to produce programming and modeling products for customers
- Reached tens of thousands of viewers and hundreds of likes across X through reposts from customers and self-promotions

PROJECTS

Child's Play

Feb 2025

- Submitted to Chillennium 2025, a 40-hour game jam, as the leader of a team of CS and Visualization student teammates
- Programmed custom shaders, enemy-player interaction, cutscenes, and a world-altering color changing mechanic in C# using Godot
- Winner of the Best in Programming award, surpassing over 55 entries from over 20 universities competing

cheezepin.com

Feb 2024 – Present

- Personal and professional website, built with React.js (previously jQuery), used to display personal projects
- Attracts over 1,000 viewers per month, which is directed outwards towards other platforms and student organizations

Dog Collab

Aug 2021 – Feb 2023

- Directed a team of over ten established game developers in a collaborative game project
- Developed with C and Blender in the Super Mario 64 Decompilation, and managed through GitHub and Trello
- Driven over 10,000 downloads across all platforms, over 200,000 views across all gameplay videos
- "Rave Reviews" aggregated from hundreds of reviewers, rated within top 25 of all Super Mario 64 ROM Hacks on Romhacking.com

LEADERSHIP

MSC OPAS Student Committee, College Station, TX

Director of Publicity & Advertising

Apr 2025 – Present

- Organized bi-weekly tabling sessions on A&M campus, attracting hundreds of students per semester to attend performances
- Designed and performed in social media and on-campus advertisements for performances that reach thousands of viewers

Recruitment & Advertising Manager

Jan 2024 – Apr 2025

- Led fellow volunteers in tabling sessions, recruiting tens of volunteers per semester or promoting upcoming performances
- Organized profit shares with local businesses to earn thousands of dollars per year for the committee
- Led thousands of children to see various educational theatre programs, sponsored and hosted by the committee

Texas Aggie Game Developers, College Station, TX

Public Relations Officer

Apr 2025 – Present

- Educated 100+ members on game design and development fundamentals through hosting workshops and game jams
- Created social media graphics and the "TAGD Demo Reel" web app which direct at least thirty people per semester to the organization

TAMU Urban Farm United, College Station, TX

Greenhouse Officer

May 2024 – Apr 2025

- Taught tens of volunteers per week with no experience in horticulture about the basics of maintaining crops and aeroponic tower systems
- Cultivated 300+ edible crops per semester to be shared with the local community and donated to food banks

AWARDS

- President's Endowed Scholarship (Texas A&M University, 2023 – 2025)
- National Merit Scholarship (Texas A&M University, 2023 – 2025)
- "Best in Programming" for Child's Play at Chillennium (2025)
- First place in RHDC Music Hacks Competition (2021)
- Podium placements in RHDC Mystery, Zelda, Halloween, Linear Hacks Competitions (2018 – 2021)
